

**"Our Town"**  
by J. B. WHITE

This morning while browsing about the Court House I ran across a little frame of printed words in the office of the County Superintendent. This is how it reads:

"Today I picked up a clod from my yard, broke it, and as it sifted through my fingers I realized for the first time that this was more than just dust: this was a tiny piece of America. I owned a rare treasure—a bit of the only soil left in the world today where a man can stand free and unafraid. I was standing on a piece of America, a few feet around and a thousand miles deep! Here alone in all the world could I build my future, knowing that it would be secure: and rear my children with the assurance that they, and their children, could enjoy that same security. I could stand on my piece of America, think freely and say what I thought, do what I pleased, shrink from no man, and call upon whatever God I chose.

"Three deeds protect my land. One is locked in my strong box—my purchase deed. The others are enshrined and locked in the hearts of every American—the Declaration of Independence, and the Constitution. I am a fortunate man, the indisputable owner of my own life, and the land on which to live it. I am an American."

On Tuesday evening John D. Rockefeller, Jr., took part in a WMCA radio program dedicated to the national drive for funds for the United Service Organizations program of recreation and hospitality centers at Army and Navy posts. Mr. Rockefeller spoke to "fellow parents and neighbors" as a father with a son "in the defense forces of our country." But it was his recitation of ten "I believes" that made his simple message memorable. These were his Credo. They are the faiths by which he believes the ideal life should be guided.

We do not see often now, in the secular prints, or hear outside of church, a man's profession of faith in the eternal of religion and truth. Our articles of faith may be in our hearts, but it sometimes takes courage to voice them in an altogether too non-religious a world. Undoubtedly Mr. Rockefeller has thought long and deeply of this his Credo, as given over the radio night before last.

## THE ROCKEFELLER CREDO

"I believe in the supreme worth of the individual and in his right to life, liberty and the pursuit of happiness.

"I believe that every right implies a responsibility; every opportunity, an obligation; every possession, a duty.

"I believe that the law was made for man and not man for the law; that government is the servant of the people and not their master.

"I believe in the dignity of labor, whether with head or hand; that the world owes no man a living but that it owes every man an opportunity to make a living.

"I believe that thrift is essential to well-ordered living; and that economy is a prime requisite of a sound financial structure, whether in government, business or personal affairs.

"I believe that truth and justice are fundamental to an enduring social order.

"I believe in the sacredness of a promise, that a man's word should be as good as his bond; that character—not wealth or power or position—is of supreme worth.

"I believe that the rendering of useful service is the common duty of mankind and that only in the purifying fire of sacrifice is the dross of selfishness consumed and the greatness of the human soul set free.

"I believe in an all-wise and all-loving God, named by whatever name, and that the individual's highest fulfillment, greatest happiness and widest usefulness are to be found in living in harmony with His will.

"I believe that love is the greatest thing in the world, that it alone can overcome hate, that right can and will triumph over might."

"These are," Mr. Rockefeller explained, "the principles upon which alone a new world recognizing the brotherhood of man and the fatherhood of God can be established. It is to help usher in this new day that

## Vacationists Receive Daily Herald on Long Trail Up West Coast

The Midget Daily made its long-circulation route this week, far up the west coast into Alaska.

Mrs. Rush A. Thomas and Mrs. Oxsheer Smith are making a tour of the West Coast and will make their farthest stop north at Fairbanks, Alaska.

Each day a copy of The Midget goes out of the city by air mail to these Cameron tourists, Oxsheer Smith and Rush A. Thomas co-operating in the daily postage to keep their wives informed on local happenings. It is the longest distribution route yet made by The Midget. They received The Midget first in Juneau, Alaska and the next at Cordova. Their route takes them to Fairbanks where they will receive their next copy and perhaps the last on the long journey.

From Fairbanks they will take a boat and sail the Yukon right through the heart of the great northwest, immortalized by Jack London and Rex Beach in their famous novels. Robert W. Service, who fought with Canadians in the world war wrote a volume of poems with the title, "Spell of the Yukon."

When they have reached the end of their boat journey they will return to The United States through Canada.

All mail is carried by planes and the routes are highly subsidized by the government to insure flight personnel for the hazardous sky lines.

Mr. Smith at Citizens Bank told a story of interesting contrast in time between central hour and far western hour. He was in Dallas one day. A young man then in Alaska wired his bank for \$75. The money was immediately sent by wire. The young man received the money at 10:15 a. m. when as a matter of fact it did not leave Texas until 11 a. m. The bank clerk remarked: "He got the money before it left Texas, how's that for service."

## Union Revival to Begin Tonight at Maysfield Church

Annual union revival services will begin at Maysfield church tonight, Friday, July 11th at 8:15 o'clock.

Services will be held by Rev. Conway Wharton of the University Presbyterian Church at Austin.

The meeting was preceded by cottage prayer meetings and there will be prayer meetings each night before the services.

Many in Cameron plan to attend this revival and all are invited to worship in this union service.

## Cox Praised By Bar Members For Speech On Federal Dangers

M. G. Cox, Cameron lawyer, who recently swept the convention of the Texas Bar Association in Dallas with a speech detailing the evils of departmental administration of law, was praised in another section Monday.

Frank Hargraves of Menard who is chairman of the Committee from Texas on administrative law for the National Bar Association, writes Mr. Cox for a copy of his speech to be incorporated in the Texas Bar Journal and also for the publication of the National Bar Association.

Mr. Cox spoke from the floor of the convention without notes, disdaining the microphone. His speech was one of the high lights of the convention and warned against the dangers of departmental and bureau administration to supplant the courts of the land.

Elsie Hrozek of Hearne is spending the day with her family Mr. and Mrs. Frank Hrozek.

our sons have dedicated themselves to the service of their country. And it is worthy of this high service that we call upon all parents and neighbors in this city and throughout the length and breadth of this fair land to stand with us in supporting the United Service Organizations and their campaign.

"They are the principles which I learned, many of them, at my mother's knee. They point the way to happiness in life, to courage and peace in death. If they mean to you what they mean to me, they may perhaps be helpful also to our sons for their guidance and inspiration."

## H. F. McINTOSH DIES AT HOME IN CRANE

(From Daily Herald)

H. F. McIntosh, rancher and brother of R. H. McIntosh of Cameron, died at his home in Crane, Texas, Tuesday afternoon, July 15, 1941.

Funeral services will be held at Rosebud at 10:00 p. m. Thursday July 17th, with interment in Rosebud Cemetery.

Mr. McIntosh was known here to older residents. The family at one time lived in the Burlington community on the Waters Ranch. When the family moved west, R. H. McIntosh came to Cameron and entered business.

At the time of his death Mr. McIntosh was in the ranch business in West Texas and was a partner with his brother in Cameron in livestock interests.

Cheever Brothers Store will be closed until Thursday afternoon. Many local residents plan to attend the funeral in Rosebud.

## HIWAY 77 ASSOCIATION MEETS HERE JULY 21ST

The city of Cameron will entertain the U. S. Highway 77 Association in its ninth annual conference on July 21st.

F. G. Blake, who has been actively a member of the Association for a number of years, will deliver the address of welcome at 10 o'clock when the convention is opened.

Mr. Blake has received a letter from J. W. Arnold, Secretary of the Association, outlining the program for the Cameron meeting.

H. G. Hertell of Giddings is President of the Association and will call the convention to order at 10 o'clock. Registration will begin at 9:45. No announcement has been made regarding place where the convention will be held but presumably in the District Court room.

R. J. Potts of Waco will respond to the address of Mr. Blake. This will be followed by a "Progress Report" by Secretary Arnold.

Activities in Lee, Fayette, Dallas, and Falls counties will be reported by the following in order: Judge John Simmang, Judge E. A. Arnim, W. B. Marsh and George Buchanan.

The noon luncheon will be served Rotary style, at the Cato Cafe where Honorable O. C. Dancy of Brownsville will deliver an important address.

Mr. Blake has requested the Cameron Rotary club to stage its noon weekly luncheon on Monday because among the delegates will be a large number of Rotarians.

In the afternoon Judge D. Y. McDaniel of Waco will talk on strategic highways and highway 77, as a primary route, will be discussed by W. M. Neyland of Corpus Christi.

Mr. Arnold says the noon luncheon at Cameron will be one of the high points of the day's activities. The reason lunch will be served Rotary style, says Mr. Arnold is that opportunity will give for relaxation, entertainment and give everyone a chance to get better acquainted.

## MRS. THOS. KILPATRICK KILLED IN AUTO CRASH

The news of the death of Mrs. Thomas L. Kilpatrick in California, was received in Cameron with sincere regret and sympathy for Mrs. H. C. Tindall, a relative.

Mrs. Kilpatrick lost her life in an automobile accident while going to visit her son in Orosi, Calif. She was alone in her car at the time of the accident.

Before moving to California, she lived in Iowa Park, Texas, and was married to Rev. Thomas L. Kilpatrick in 1921.

Rev. Kilpatrick is a native of Milam County and a son of the late Rev. W. T. Kilpatrick.

The surviving husband is also a brother of Mrs. H. C. Tindall in Cameron. Mrs. Tindall and others attended the funeral in Iowa Park.

The Kilpatrick family has many friends throughout Milam County and the death of Mrs. Kilpatrick was received with genuine sorrow among a large number of people.

Mr. and Mrs. C. L. Blackman and daughter, Cora Mae, have just returned from a visit with their daughter in Bay City, Mrs. Clarence Simank.

## O'DANIEL IS ELECTED TO UNITED STATES SENATE

### WINS BY 1311 VOTE OVER LYNDON JOHNSON

Governor W. Lee O'Daniel was declared newly elected United States Senator from Texas Monday following official canvas of the returns of the recent election held on June 28.

The Vote:  
O'Daniel ..... 175,590  
Johnson ..... 174,279

The complete returns disclosed that O'Daniel had received 1,311 votes more than Johnson. This figure is an increase over the Texas Election Bureau report.

When the Board met in Austin Monday morning, there was no indication of any kind of contest.

Mainly such action was forecast by a brain storm suffered by Frank Baldwin, editor of the Waco News-

Tribune and Times-Herald. These papers, along with other Fentress publications, supported Lyndon Johnson. No contest has been filed and no one was thinking of a contest and it is doubtful that Baldwin himself ever seriously considered such procedure, his actions being a bit of bad grace.

Mr. Baldwin will have to answer for aspersions cast at Milam County and these will be reported in due time.

Lyndon Johnson, whom supporters claimed was backed by President Roosevelt, was a victim of an obviously paid political parade and any contest involving the election would have been embarrassing to his supporters. There is little doubt among the people of Texas that the Johnson campaign was an expensive experiment and his defeat, although by a small majority, was just retribution for an attempt to dictate or buy an election in Texas.

## Mr. and Mrs. Henry F. Lippman Return From Wedding Trip to Florida; Remembers Old Cities

Mr. and Mrs. Henry F. Lippman have returned to Cameron from their wedding trip through several states, centering in New Orleans and other historic sites in Louisiana, among them St. Augustine, oldest American city and the Florida Keys.

Mr. Lippman, business man here for almost 20 years, had the added pleasure of meeting a number of relatives in both St. Augustine and Jacksonville. His grand father settled in Jacksonville years ago and Mr. Lippman remembered the city from the cobblestone streets.

Mr. Lippman was born in Brooklyn. The family moved to Georgia and later to San Antonio where in 1917 Mr. Lippman enlisted in the United States Marines by transfer from the army.

He spent a year in Santo Domingo where the Marines had been assigned to protect American interests. German agents were causing trouble

among the natives.

Mr. Lippman tells an interesting account of his experiences, one with an outlaw, leader of the revolting natives. He was a very large fellow, standing some six and a half feet high and weighing more than 250 pounds. The native was in custody and Mr. Lippman was detailed to take him from the prison to the court. Mr. Lippman weighted then about 132 pounds and about two and a half feet short of his prisoner. He got a big laugh out of the outfit and spectators as he put his bayonet to the back of the big black and marched him across the camp to the court.

Mr. and Mrs. Lippman enjoyed their trip. They wanted to go to Cuba from the Keys but did not have time. St. Augustine, oldest American city has many historic displays. It is a small town of about 10,000 or less.

## REESE TURNER QUILTS LEGISLATIVE POST

Reese Turner, representative from the 64th District, Tuesday resigned to accept a position with the Railroad Commission.

"Mr. Turner will be a 'valuation accountant' in the department. His resignation will call for an election to be held sometime soon, as an extra session of the Legislature appears probable due to the failure of the legislature to pass a bond assumption bill to relieve the counties.

In tendering his resignation Mr. Turner issued the following statement.

"When I asked the people of Milam County to send me to Austin as their representative, I was deeply concerned about the large number of social and economic problems that the Legislature had neglected so long; but now those problems have been solved, and I feel that I can serve better in another capacity. I would not be happy to remain in the Legislature when my work there has been completed.

"I am unable to find words which properly express my feeling toward the people of my district. By twice electing me to an office of great responsibility and trust, they extended to me an honor and a privilege that anyone might well be proud of. I have enjoyed my service as a member of the House of Representatives, and I know that it will always be my most treasured memory.

"It goes without question that all citizens have a right to expect prompt, courteous, and efficient service from the agencies of their state government; and, as an employee of the Railroad Commission, I shall endeavor to render that type of service. It has always been and will continue to be a pleasure to serve the people of Texas.

Mrs. Allen Loggins of Teague and Mrs. Robert Hays and son Jimmy of Dallas visited Mrs. Annie Mae Hurry and daughter, Bennie the past week.

## Legion Has Plan For Gathering Aluminum

The American Legion is co-operating in the drive for aluminum by offering a free swim to any child up to the age of 16 in the Municipal Pool between the hours of 3 p. m. and 6 p. m. on July 21.

Emmett Streetman, commander of Edwin-Hardy Post No. 9, called the executive committee of the Post on Tuesday to discuss the matter. In a letter to the Mayor and members of the council, Mr. Streetman asked the City Council to relinquish the usual charge for that day.

Any child up to the age of 16 who brings a piece of aluminum larger than an ordinary measuring cup to the Municipal Pool will get a free swim.

The Legion is to be congratulated on its efforts.

## R. P. Bennett Goes to Brownsville; Line Coach Job Given Him

R. P. Bennett, assistant football coach here, has been elected line coach at Brownsville.

Bennett will leave Cameron the latter part of August for his new work at Brownsville.

He has been assistant coach here for several years, coming from Rogers to Cameron. He is a graduate of Baylor and played football under Frank Bridges.

## HEART ATTACK FATAL TO CAMERON RESIDENT

E. G. Lowe, 59, died suddenly at 4:30 a. m. Saturday at his home in Cameron from a heart attack.

Members of the Lowe family including Mr. and Mrs. Woodrow Lowe, who visited at the home on Friday night said Mr. Lowe was apparently in good health and the attack which caused his death came without warning and was a severe shock not only to members of his family but to his many friends as well.

Mr. Lowe was a native of North Carolina, born in 1882 and for the past ten years or more he had been manager of the County Farm situated on the Northern limits of the city.

He is survived by his widow and six children, four boys and two girls as follows: Woodrow Lowe, owner of the Cameron Hotel; Rex Lowe, a student of Texas Tech in Lubbock; Curtis Lowe, a student at A & M College; Gordon Lowe, in U. S. Air Corps at San Angelo; Mary Jane Lowe, and Hazel Jean Lowe of Cameron.

Four brothers and one sister also survive. They are: C. A. Lowe of North Wilkesboro, North Carolina; Gordon Lowe, Sr., of North Wilkesboro, N. C.; Christopher Lowe, Richmond Virginia; Rufus Lowe of North Wilkesboro, N. C. and Mrs. Ralph DeBite of Pores Knoff, N. C.

Mr. Lowe came to Texas from North Carolina in 1911 and a year later in Giddings, Texas, in 1912, he married Miss Agnes Williams, who is a native of Gales, Virginia.

Funeral services were held Sunday afternoon at 4 o'clock from the First Baptist Church with C. W. Sanders, pastor, conducting the services. The body was at the home until the funeral hour and scores of friends and acquaintances of the family called throughout the day Saturday and Sunday to express their sympathy. This manifestation of esteem was a tribute to both the deceased and his family.

Interment was made in Oak Hill Cemetery with the Coleman Funeral Home directing arrangements.

Active pall bearers were: W. E. Gaither, Cliff Jenness, H. H. Stedman, Bob Bailey, R. G. Grabein, H. G. Cooper and Conn Isaacs.

Honorary pall bearers were members of the Men's Bible Class of the Baptist Church and the Commissioners Court.

## SPEAKERS ANNOUNCED FOR DEFENSE RALLY

Speakers for the Home Defense Rally to be held in Cameron on Tuesday July 21 were announced today by Stanley Swift, chairman of the committee on arrangements.

In Waco Tuesday Mr. Swift invited William (Bill) Smith to deliver an address Tuesday night. Mr. Smith is one of the best known and highly entertaining speakers ever heard in Cameron. Many heard him recently at a Rotary Luncheon.

The other speakers will be Ed Riedell of San Angelo, State Commander of the American Legion.

The rally will be held on the Yoe High Athletic Field, said Mr. Swift. Beginning at 7:30 and lasting until 8 o'clock a band concert will be given by the Rockdale, Thorndale and Cameron bands.

Mr. Swift said the rally in Cameron will be one of five hundred such rallies to be held in 72 counties of East Texas Tuesday night.

## PLANS COMPLETE FOR DEFENSE RALLY HERE

At a meeting of the Milam County Defense Bonds Committee plans were finally made for the Defense Rally to be held here Tuesday night July 21, at 8 o'clock at the Yoe High Athletic Field.

The program outlined is as follows: Start off by community singing of America, presentations of colors by the Taylor Home Defense Guard; invocation by the Rev. Father O'Connell of Burlington and a twenty minute talk by William F. Smith of Waco. He is a speaker of fame and has been in Cameron on several occasions and has many friends here.

Then there will be a ten minute exhibition of drill by Taylor in (Continued on page 3)

## WAR CLAIMS BRING VERY LITTLE NEWS

Conflicting claims in the war between Germany and Russia made news a bit difficult.

Germany claimed to have broken the Stalin line in a number of vital sectors, but Russians claim they are holding firm all along and nothing of consequence has accrued on the front.

Berlin claimed that the Soviet are preparing to evacuate Moscow and laughed at the suggestion that Marshal Herman Goering had been relieved of the Air Command and placed in a concentration camp.

The Russians claimed that a number of towns on the Central Front in Poland on the road to Moscow have been captured and Germans have been halted.

There was some apprehension in London over the situation. The Russian people were described as jubilant over the signing of the Mutual Assistance Pact with Britain.

In London Prime Minister Winston Churchill said that for every bomb dropped on the British Isles by the Germans, one if not two, would be rained upon the Reich. Already he said bomb raids have been as devastating as those of last April on the British Isles.

There was noticeable lack of activity on the part of the German Air Force and it was thought Germany may be running short of trained pilots, having lost 20,000 since the war began together with 8,000 planes.

Washington was stagnated as usual with everybody of any consequence trying to reassure the world that the United States had no intention of keeping draftees longer than a year or doing any fighting whatever.

### Cub Scouts to Have Big Day Here Friday

The Cub Scouts will have a big day here Friday.

They will hold their final pack meeting here Friday evening.

Chas. Rutledge of Temple, will be here to organize the cubs, give the awards and make promotions.

The cubs will have the projects completed for display. Parents are urged to attend and the public is cordially invited. The meeting will be held in the Wilson-Ledbetter Park.

### The Midget Suggests:

A sunken garden in city park. It would be small and could be called The Midget Garden.

With a natural depression already there and the old swimming pool now in disuse no excavation would be necessary. It is a natural and should be made into a sunken garden.

If you are civic minded drive to the old city park and look at the place to which we refer, located near Highway 77. It has every natural advantage. A miniature pagoda could be built of flint boulders and a small fish pond with lilly pads could be built while in terraced effect about the walls flowers and such things could be planted.

The city government will no doubt welcome the suggestion. Civic clubs might also put in a good word.

## Town Clock, Like Federal Budget, Is Out Of Balance; Local Philosophers Who Wait For The Midget Disturbed; Sheriff White Has a Plan

The town clock has been out of balance as much as the federal budget, for the past few weeks.

Actually some folks who work at the court house were seen leaving the other day in mid morning. The clock had struck twelve and so it was noon.

Sometime when it's noon the thing strikes 3 times. The folk's will be nervous wrecks if something isn't done soon. Not long ago at night the clock started striking and didn't stop for about 15 minutes.

It was almost equivalent to a fire alarm.

Most all the local philosophers who burn up more energy than is required for the National Defense Program, waiting for the Midget, think something should be done. They are so worried they sometimes forget to cuss Hitler or to talk about that \$9 raise on the last pension check.

Sheriff Valter White, an obliging gentleman, says he can take one of J. W. Mills' aluminum pans and beat it at correct intervals, until something is done about fixing the clock. That's what we call service.

### Aluminum Drive Gets Pistons; May Move Off Faster Very Soon

The aluminum pen got a number of pistons from cars last night.

These pistons are made of aluminum and were quite popularly advertised motor equipment several years ago, and so far as we know may still be.

Also there are a number of additional aluminum vessels in the pen.

J. W. Mills, chairman for the drive,

plans to have the Boy Scouts in operation early next week. They will make a house to house canvas to gather up aluminum.

Charlie Brown, employee of Western Auto, is spending his vacation on a fishing trip.

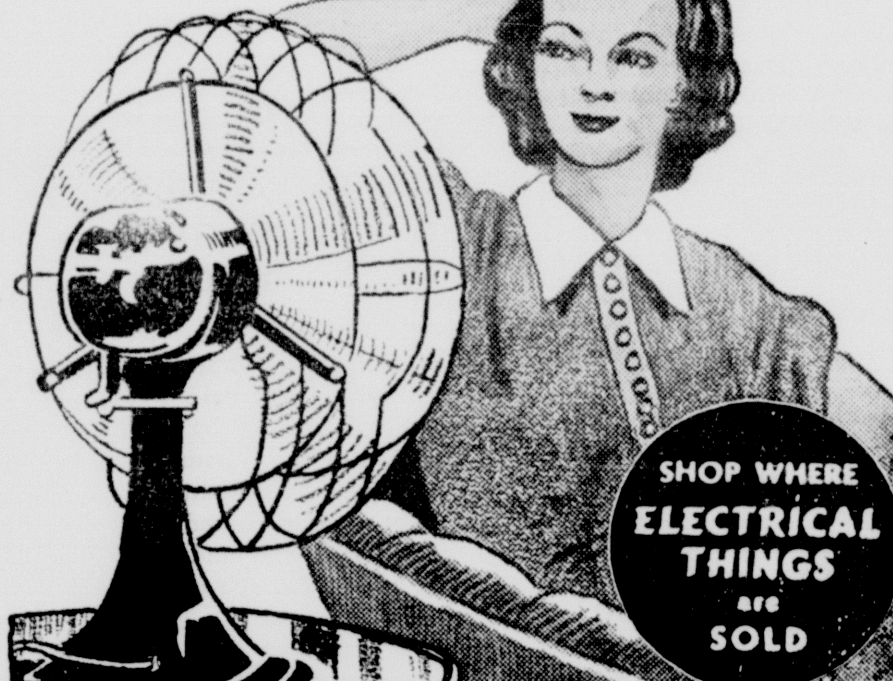

Jimmie Angell and Sam Bill Law visited Misses Janel Ulbricht and Pat Watson in San Marcos Sunday.

The Westward Course of the Empire—  
they wanted LAND . . .

Cramped quarters were not for the men who won our country. The crowding of the East drove them toward the West, where a man could breathe—it was the LAND that they wanted! This spirit of adventure that drove the pioneers to the unexplored and perilous West is the same spirit that later spurred men to make America a power in the affairs of the world—but LAND was what they needed first!

### Land is Wealth

You need LAND for that feeling of solid security, land that you know is yours, will always be yours! Invest your savings in land and you'll know that your investment is safe, always! In this region there is ample opportunity for profitable investments.

### When a Child Needs a Laxative!

Your child should like this tasty liquid laxative and you should like the gentle way it usually wakes up a youngster's lazy intestines when given by the simple directions.

SYRUP OF BLACK-DRAUGHT contains the same principal ingredient which has enabled its older brother BLACK-DRAUGHT to give so many users such satisfying relief for so many years!

Perhaps that's why it usually gives a child such refreshing relief when the familiar symptoms indicate a laxative is needed.

SYRUP OF BLACK-DRAUGHT comes in 2 sizes. The introductory size is 25c; the economy size is 50c.

## "VENI, SANCTE SPIRITUS"

— KING ROBERT II —

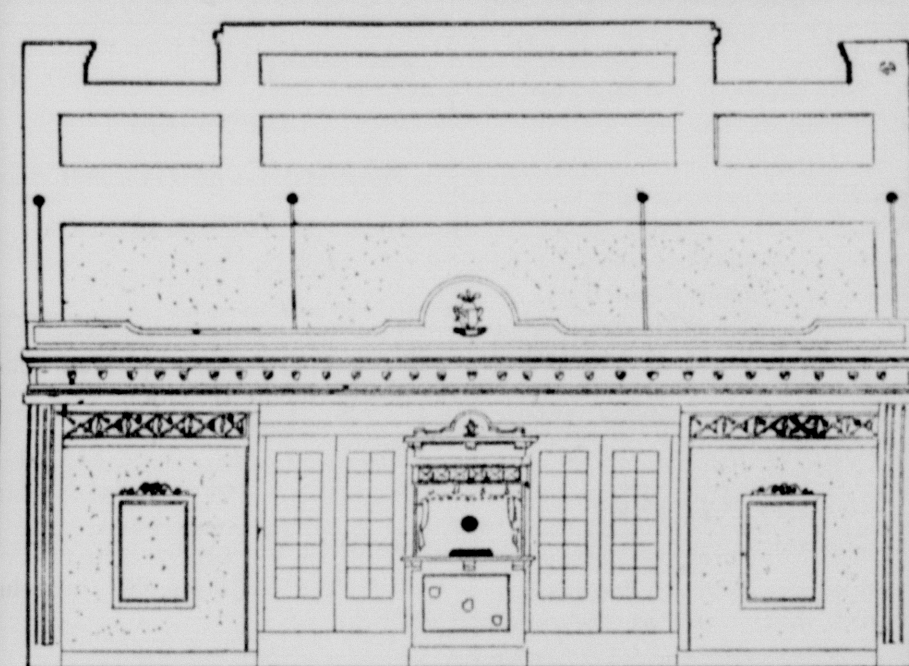

Come, Thou Holy Spirit, come,  
And from Thine eternal home  
Shed the ray of light divine:  
Come, Thou Father of the poor,  
Come, Thou Source of all our store,  
Come, within our bosoms shine.

### Little Stories of GREAT HYMNS

Few kings have left a better legacy to the Christian church than King Robert II who gave us this great hymn. We are told that he loved the service of chorister more than his kingly service, and often went to the Church, and in his royal robes with his crown on his head would direct the choir.

## 129 Year Old Gourd Owned by Mrs. Kennon Displayed at Herald

A gourd powder horn used in the war of 1812 and later in the war between the states and owned by Mrs. Ben Kennon, is on display at The Herald office.

This is one of the number of gourds to be seen here during the next few weeks. Because of the sentimental value and practical use of the gourd through many centuries, the Herald has found much interest among the people.

Gourd culture may be revived. Some years ago the Herald focused attention on gourds by accounts of specimen brought in. In recent years gourds have practically disappeared.

In old times gourds were of such practical value as a household utility they were cultivated and held in great value.

The gourd Mrs. Kennon owns, highly polished reddish brown from much handling, is 129 years old. Its exact origin is not definitely known. Claude Loftin, father of Mrs. Kennon, was born and reared in Coryell county. He obtained the gourd from his father, Marcus Loftin who used it for a powder container in the civil war. The gourd is not a Texas variety although similar, the handle being however, of considerably less length than the common type of Texas dipper gourds.

## Raymond Fikes Takes Lead for Long Gourd; Lankford is Bested

A gourd, the variety of which has not been determined as yet, and measuring 53 inches is on display at The Herald plant.

The gourd was brought in by Raymond Fikes who lives on North College Avenue. The gourd is a similar variety to that submitted by Constable Joe Lankford of Liberty.

The Lankford gourd measures 34 inches, is slightly larger in circumference than the Fikes gourd.

This gourd resembles a giant bean or cucumber and has also all the appearance of jungle growth, strange and mystifying. They may have been of some practical use in old times. Evolution may have changed them and so moves in an interesting cycle the culture of gourds.

## Three Arrested for Throwing Whiskey Bottles in Pool

Caretakers at the Municipal swimming pool were busy today trying to get broken glass out of the pool.

Three young men were placed in jail after they had broken whiskey bottles in the pool and a report to the Herald said that Major Young, manager of the pool, was either attacked or threatened.

City Policemen Lunsford and Eanes arrested the men and placed them in jail.

The boys have been giving trouble for some time. The city pool is isolated and not subject to constant supervision without the assignment of a special policeman, which should be done in order to protect the city's investment and to insure order and give law abiding folks an opportunity to go places where toughs do not congregate.

The pool was operated last year for the first time and was a financial success. There has been no report on the pool this year, so far as this newspaper knows.

One thing that made the pool attractive last year that is missing this year, is the large canvas that shaded the pool in the afternoon. Wind blew it away last year and it had not been replaced two weeks ago.

The men arrested were fined in city court.

## Highway Meeting to Be Held in School Auditorium July 21

Delegates to the meeting of Highway 77 Association will meet in the auditorium of the Yoe High School here on July 21st.

The Herald was without benefit of official details except for the program. It was presumed the delegates might meet in the District Court room.

There will be reports on Highway 77 work in a number of counties but Milam will not be included. There has been no work on Highway 77 in Milam county. On the contrary there has been a great deal of deterioration.

The Highway between Rockdale and Mineva may soon become impassable for heavy traffic. The highway surfacing is giving away at the City Park intersection also and the type of construction is so poor the road needs repairs in several places in the city.

## RUSSIANS WHIPPING ARMIES OF GERMANY

Headlining the world's news was the resignation of the Japanese Cabinet this morning, including Matusoka who negotiated the pact with Russia for non aggression.

The news stirred world capitals and started speculation on what may be involved in the cabinet crisis. Well informed quarters said that Japan will break with the Axis, that Germany's attack on Russia has proven that Hitler will not keep his word and that in the event of a German victory Japan cannot count on good faith from Germany.

There were other speculations as well. One was that the United States government has put pressure on the Japanese and may have brought about some assurance of a status quo in the Pacific.

All agreed that the resignation of the cabinet indicated far reaching developments in Japan's role in the Axis alliance or expansion in the far east, or perhaps capitulation to the inevitable risk of war with America.

London predicted that Japan would move quickly with perhaps full seizure of Indo China, the Dutch Indies or an attack on Russia.

The waters of Manila Bay in the Philippine Islands have been mined by the American navy.

Airplane production between the United States and Great Britain reached 3000 units last month and for the first time Germany has been exceeded in production.

Harry Hopkins has sailed for England.

Military experts in London and elsewhere in Europe were praising the courage and fighting of the Red Army.

After several days of extravagant claims by the German High Command and contrasting with actual developments on the vast battle line, it is generally admitted that the Russians have whipped the armies of Adolf Hitler to a stand still and have actually begun counter attacks all along the line.

The Germans claimed advances on the Northern Front where they are approaching Leningrad. They also report advances on the Central Front. The Moscow radio officially claims that the Germans have been checked in the Leningrad sector and also on the Central Front where Nazi dead lie heaped on what is described as the bloodiest battle field in history with the possible exception of the Marne where the Germans suffered 750,000 casualties in World War No. 1.

While the Germans have thus far made great advances, it is by no means certain as yet, that anything like decisive action has been had in the twenty-five day old war.

The Royal Air Force bombing planes in ever increasing numbers are giving the Germans a taste of what Hell's Angels' can do and commentators point out that damage being done by the increased air raids is being over looked or over shadowed by other events in the war zone. It is said that the British are closing in and the total devastation will equal that which the Germans wrought in Britain.

## Guest Speaker at Christian Church In Cameron Sunday

Rev. J. H. Stidham of Indianapolis will preach in morning and evening services of the Christian Church Sunday.

Rev. Stidham is field representative of the Board of Church Extension of the Christian Church.

Before beginning this service he held several pastorates, among them being Oak Cliff Christian Church in Dallas. The public is extended a cordial invitation to hear the speaker at the 11:00 a. m. and 8:00 p. m. services.

Paul Thompson from Clarkson was a Cameron visitor Tuesday.

Eugene Kirk is visiting his sister, Mrs. R. L. Carter in Hearne.

Funeral services will be held at the First Baptist church at 4 p. m. Sunday, July 13, 1941, with Rev. C. W. Sanders, pastor, conducting the service. Interment will be made in Oak Hill Cemetery with the Coleman Funeral Home directing arrangements.

Mr. and Mrs. B. L. Miller visited in the home of his mother, Mrs. Effie Miller Sunday.

Herman Gerick of Ad Hall was a Saturday visitor here.

Clinton Breeding of Dallas visited relatives Sunday.

## DEFENSE RALLY

(Continued from page 1)

full uniform. More community singing and one or two special musical numbers. A patriotic address by Ed Reidel. The music will be furnished by Yoe High School Band, Rockdale High School Band and the Thorndale Municipal Band.

American Legion Posts of Milam County and all ex-service men will attend as a body in Legion uniforms. The purpose of the whole meeting is to acquaint the public with as many facts as possible concerning the present emergency.

A report of the aluminum drive plans will be made. A house to house canvas is being made. Chairman Grady Little reported that every precinct in the county was being organized to collect aluminum. The drive will be completed and the total amount collected will be reported by August 1, according to the schedule.

The Defense Council undertook the work of the United Service organization in this county. Committee on that was appointed with Stanley Swift as Chairman, Ed Kolba of Buckholts, E. B. Yager of Maysfield, Clyde Franklin of Rockdale and L. D. Barnes of Thorndale.

Committee was also appointed to investigate and put into effect the Salary Allotment plan for the purchase of defense bonds in this county.

It was also decided after July 21 to begin a series of Community meetings throughout the county in connection with the defense program, the theme being "The best defense is a strong offense."

## Lindberg Demands Ickes Apologise

Col. Charles A. Lindbergh, in a letter to President Roosevelt today demanded that Harold Ickes, Secretary of the Interior, make an apology to the Colonel for things he said in his speech recently.

Ickes said that Lindbergh is the American representative of Adolph Hitler and also called him a knight of the German Eagle.

There was no comment at the White House on Lindbergh's letter except from Stephen T. Early, Secretary to the President, who said that Lindbergh had written a letter to Ickes, but mailed it to the White House.

William (Red) Collins of Waco was a Cameron visitor Wednesday.

## Gourd Talk Brings Strange Variety to Exhibit at Herald

We have to thank Mrs. Maude Chambers for a gourd the like of which has never been seed by The Herald.

Gourd week which may be extended into a longer period to include other varieties, will bring forth many interesting varieties.

The color of this gourd is creamy. Chambers is about the size of a baseball, perhaps larger. Around the surface near the top is a tier of scallops giving the gourd the appearance of a crown. It is called by Mrs. Chambers the "Ten Commandments" gourd.

The color of this gourd of creamy. It is very hard and would be of some practical use as an ornament as well as a container for jewels or such things.

It resembles the cucurbita melopepo and may be the same with variation of growth. Interest moves along in gourds. Let others bring them in.

## Pappy Going To Washington Aug. 1st

Governor W. Lee O'Daniel will go to Washington around August 1 to take oath as United States senator from Texas.

One of the reasons for his delay is the forthcoming marriage of his daughter Molly, it was said in Austin.

## SCHOOL MEETING

A meeting of the school authorities will be held at A & M College at 9 in the morning on July 21.

Of special interest to rural school authorities will be an explanation of the new Rural Aid Law.

Joseph R. Griggs, District State Superintendent will direct this meeting.

Many from Milam County plan to attend the meeting.

Dr. and Mrs. S. R. Cotton who are spending their vacation in the North send post greetings from Cleveland, Ohio, and say that Mrs. B. Slocumb of Cameron has been mailing the Midget to them at their address on Lake Michigan. They report the weather has been perfect and they are enjoying the visit. They will return home soon.

## Little Things We Can Do to Help Cameron

Through neglect and perhaps lack of interest in places where responsibility lies, things left undone often retard the growth of our city.

Here's our suggestion today:

Some years ago by will, the late Mrs. Lizzie B. Wilson gave the city a 25 acre park. Many thousands of dollars have been spent in the park which includes the lake, swimming pool and club houses.

So far no sign has been erected and we suggest a sign "Wilson-Ledbetter Park" at the entrance; that the sign be constructed of such design as to make Neon letters possible and that the lettering be large enough to do justice to the gift to the city and the importance of the park to the community as a play center.

In 1945 Cameron will celebrate its 100th Birthday. Let's begin now.

John Williams, who jumped from a burning car and has been in the Cameron hospital, will return to his home at Hoyte Wednesday.

Mr. and Mrs. Grady Allen are the proud parents of a little baby boy.

E. G. Stiles of Thorndale is visiting in Cameron today.

## Rural Carriers in Temple; Emory Camp To Make Address

Texas Rural Letter Carriers will convene in Temple on July 17th, for their annual convention.

T. C. Lamb of Burlington is President and will open the convention. Mr. Lamb also served as Publicity Chairman and caused to be issued a special edition of the Texas Carrier, official monthly paper of the Association.

In the edition is a front page article by Mr. Lamb who dwells at length on the hospitality of Temple and the history of the Association.

Emory B. Camp of Cameron will deliver the principal address on the opening day. The address, originally scheduled to be delivered by Coke Stevenson, now Governor of Texas. Due to illness of Mrs. Stevenson, the governor will not be able to be in Temple Thursday.

The convention will close on Saturday. Hundreds of delegates are expected to attend, including rural carriers in this section of the state.

Nazi war claims are exceedingly confused. They admit the Russians are counter attacking with great vigor.

Leonard Storey and family of California are visiting relatives in Cameron.

## MRS. VERA HERZER BURIED IN TAYLOR

Mrs. Vera Herzer, former resident here, died at 12:45 in a Taylor Hospital Sunday, July 13th. She had been ill for sometime.

She was the daughter of Mr. and Mrs. Ross Posey in the Marlow community and news of her death was received here with genuine sorrow among a large circle of friends and neighbors.

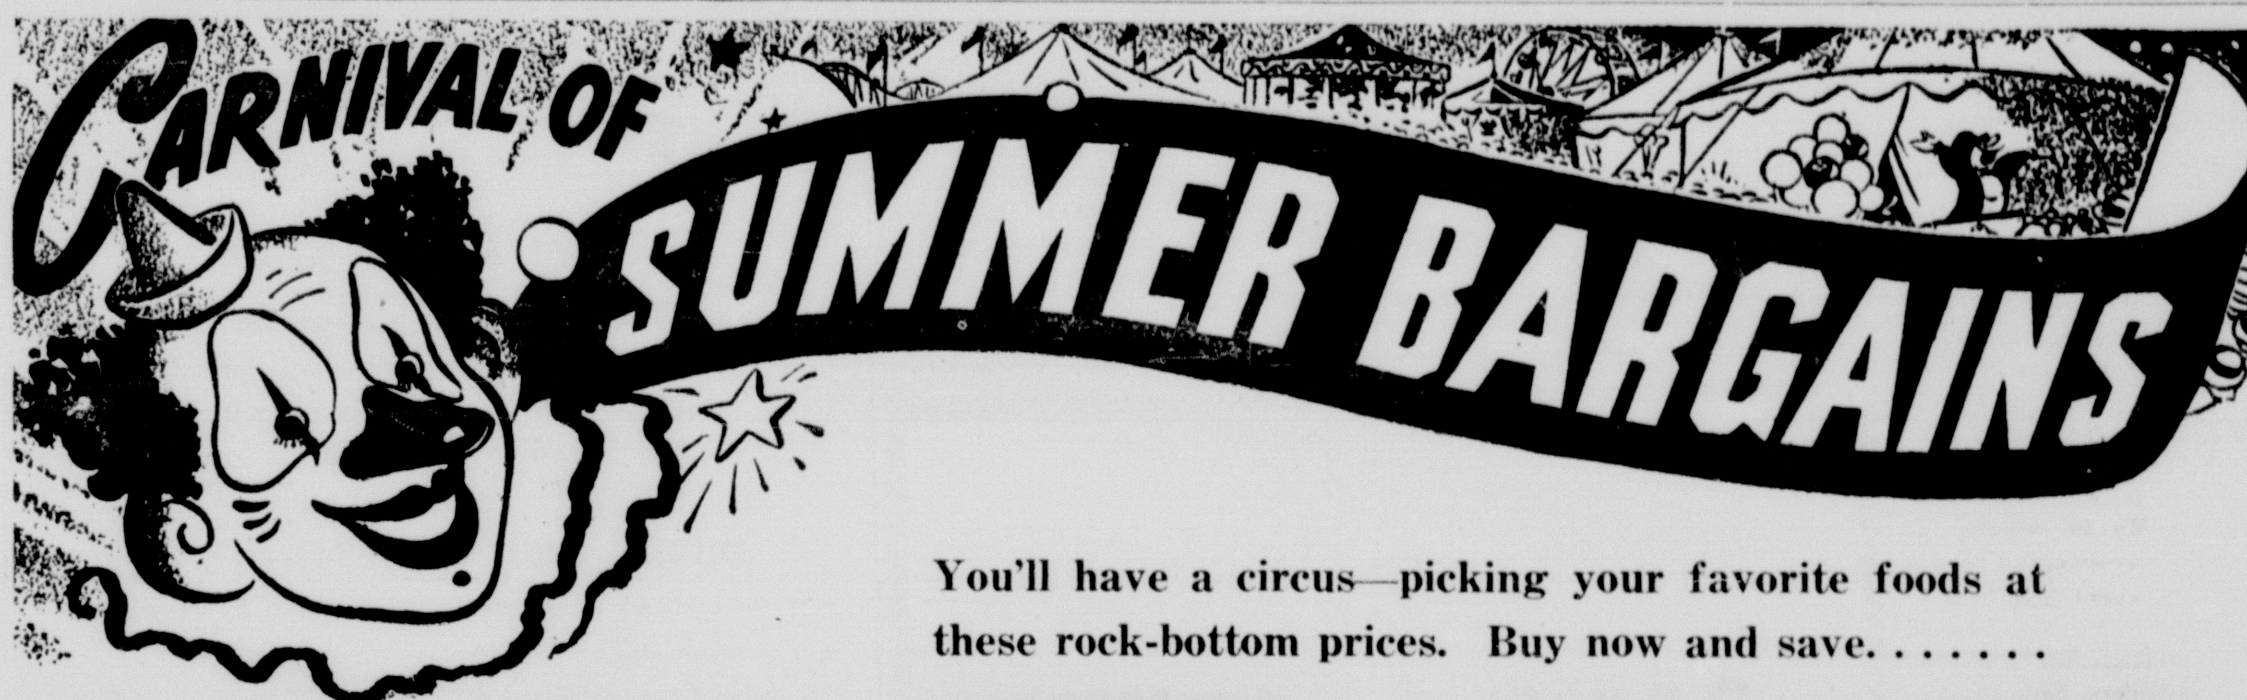

Mrs. Herzer is survived by her husband, Walter Herzer of Taylor; her mother and father, Mr. and Mrs. Ross Posey of Marlow; two brothers, Ross Posey of Havana, Cuba; and James Posey of Marlow; one sister Peggy Posey also of Marlow community.

Funeral services were held at 4 p. m. Monday afternoon from the Sloan Funeral Home in Taylor.

Mr. and Mrs. John Williamson, Fred Williamson and daughter, Joyce and Frances Whitman, are visiting in San Antonio and Austin for a few days.

Wilbur Price, who was injured in a car wreck recently, has returned home and is improving very slowly.

John Thweatt of Maysfield was a Cameron visitor Tuesday.

## CHRISTIAN SCIENCE SERVICES

"Life" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 20.

The Golden Text is: "The Lord will command his lovekindness in the daytime, and in the night his song shall be with me; and my prayer unto the God of my life" (Psalms 42:8.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible. "And many other signs truly did Jesus in the presence of his disciples, which are not written in this book: But these are written that ye might believe that Jesus is the Christ, the Son of God; and that believing ye might have life through his name" (John 20:30, 31.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "It is only when the so-called pleasures and pains of sense pass away in our lives, that we find unquestionable signs of the burial of error and the resurrection to spiritual life" (page 232.)

John Williams, who has been in the Cameron Hospital since last Saturday's car accident near Rosebud, is doing as well as could be expected of a man his age.

## LONGEST GOARD BROUGHT IN BY JOE LANKFORD

Constable Joe Lankford brought in a goard Tuesday that measures about 27 inches. Nothing quite like it has been seen here.

He says there are 25 of them on the vine. The goard is small in circumference.

It is getting time for the annual goard display. The Herald is counting on some fine specimen this year. Goard culture is almost a lost art in these parts. The Herald editor drinks (water) out of a 100 year old goard every day.

The renaissance of goard dippers in Texas just about covers our greatest period of culture. Thanks Joe.

## FRANK NEWTON ADVANCING FAST IN AIR CORPS OF ARMY

Frank Newton newly made flying cadet in the army air corps, is making rapid progress. He has been made Captain of Company B, contact man for the field magazine and leader of the choral club.

Frank, son of the late Dr. W. R. Newton, Sr., graduated at law from the University of Texas and volunteered for enlistment in the army air corps. He is now stationed in California.

Many friends here will be glad to know he is progressing rapidly, already near completion of his preliminary training.

## MAY BE EFFORT TO INFLUENCE CONGRESS

Nazi Germany began a campaign to frighten the American people today.

The German press launched official publication of propaganda to prepare the German people for what Hitler says is the entry of the United States into the war.

While this action was taken in some quarters to indicate a sincere attempt on the part of the German leaders to prepare the Germans for such a development, it also was regarded as propaganda.

The German newspaper campaign was begun simultaneous with the action of the President in asking Congress for permission to keep draftees in the army for more than a year.

Hitler's action will speed up appeasement in America.

Already Sam Rayburn, speaker of the House, had declared against any change in the present law regarding draftees.

The theory, of course, is that if a soldier is fighting for the defense of his country at 10 o'clock in the morning on July 15th, and his period of one year enlistment had ended he would throw down his gun and leave the battle.

General George C. Marshall, Chief of Staff, asked Congress today to amend the law to provide for retention of the men now in the army for the duration of the emergency.

and for permission to use the armed forces anywhere they may be needed.

The Russian army was reported today to have crossed the Dnepr and to have pushed the Germans back 17 miles with a violent counter attack.

The German drive was said again to be stalled.

Miss Kimmie Massey of Friendship was a Cameron visitor Wednesday.

Mrs. Hubert Williams and daughter, of Giddings are visiting in the city.

## RUSSIANS DRIVE DEEP INTO GERMAN LINES

Proof that the United States government is building air and naval bases in Ireland was suggested today semi-officially by President Roosevelt at his press conference.

Senators Taft and Wheeler have charged that the United States is building these bases on the Northern coast of Ireland, the latest statement coming from Senator Wheeler shortly before noon Friday.

President Roosevelt was asked at his press conference if these bases are being constructed. He replied, "I would not be surprised if American steel is not to be found in many British bases or to find that American workmen are engaged and paid by the British government."

If the United States' government is building these bases in Ireland it will be a formal entry into the actual theater of combat.

The influential Irish press said today that civilian and military forces of the United States will be welcomed anywhere in Ireland.

This would indicate something may have come of recent negotiations between President Roosevelt and the government of Ireland at which time emphasis was placed on the suggestion that bases were being sought for the British.

The Irish are unwilling for the British to have these bases, it is believed, but the traditional friendship for the United States is strong enough to admit of such operations by the armed forces of this country.

The situation in the war between Russia and Germany was apparently growing worse for the Germans as the Russians were reported to have driven huge spear heads into the Nazi defensive line. The Germans were making claims unofficially, the High Command declining to comment on what was taking place along the far-flung battle line.

The German drive has been halted. There has been no advance within the last twenty-four hours.

Possibility Great Britain will soon have an army in Russia grew today as the campaign in Syria was being pushed to conclusion and not far away was the Russian border, some 150 miles.

French warships have put into Turkish harbors to escape the British fleet in the Mediterranean.

## Earl Tate Buys the Horned Frog Service Station in Cameron

Earl Tate was in the limelight this week for an outstanding business transaction.

He has purchased the Horned Frog Service Station, made famous a few years ago by a horned frog in a glass enclosure in one of the columns of the station.

The station was purchased from Lincoln Mondrik.

Tate has been with the Horned Frog Station for a number of years and is an experienced operator.

The station features Sinclair HC gasoline and oils. Mr. Tate invites his friends to take advantage of the service he is able to render.

## Soldiers Jibe Congress In Ya Hoo Case; Say General is O. K.

Those soldiers who were made to march 17 miles because they cat-called a few females in shorts while a General was playing golf, got back at Congress today.

They signed a statement criticizing what they said is congressional interference with the army. "We can take it," they said "and the General is O. K. too. You politicians in Washington should get a little tough yourselves and quit mollycoddling the soldier boys."

Mr. and Mrs. Rufus Boecker of Fort Worth spent the week end with relatives.

Mrs. R. S. Robinson of Marlin was here Wednesday.

## Jim Mitcham Says His Car Did Not Strike Car of Wreck Victims

Jim Mitcham of Cameron whose car with trailer was near the spot on Highway 36 where the aged Simington brothers were hurt Tuesday, said that an error had been made in reporting the accident.

Mr. Mitcham says neither his car or trailer struck the Simington machine. In fact he did not know an accident had occurred until he had driven far down the highway.

After the accident Sheriff Valter White and Deputy C. C. Black inspected the Mitcham machine and there was no evidence it had struck the other car.

The Herald did not mention Mr. Mitcham's name but did say a trailer hooked to a car had sideswiped the Simington machine. That was the way it was reported to this newspaper.

In behalf of Mr. Mitcham The Daily Herald is glad to lend its columns to absolve him from blame.

## 23 Boy Scouts Back From Summer Camp at Belton; Complimented

Twenty-three of Cameron Boy Scouts attended the Camp Tahuya in Belton the past week. The boys were as follows: Jack Lewis, T. J. O'Neill, Thomas Jackson, Joseph Newton, Clyde Dodson, Ben Hardy Bailey, A. J. Triggs, Lucien Kruse, Wayne Perrin, Richard Johns, Burrell McLerran, Robert Fikes, Bennie Harris, Douglas Houston, Bruce Price, Bob Kirk, Richard Williams, Edwin Dusek, Victor Witte, Edward Flinn, Chester Critchfield and Richard Alexander, all from Buck Price's Troop 84; and David Dees from John Henry Wilson's Troop 54.

Mr. Price says that Cameron boys were voted to be the best troop and to have the best representation.

While at Camp the boys enjoyed an Emergency Hike at which time they hiked twenty miles and camped out over night. Also on Friday night they had a "court of honor."

Fifteen Triple A employees enjoyed a swim and watermelon feast Thursday night at the Municipal Swimming Pool.

Agnes Macal, employee of Caperton's Variety Store, is spending her vacation in Bryan and Ennis.

## RUSSIANS ARMING EIGHT MILLION MEN FOR FIGHT

Nazi Germany got ready Saturday for what they say will be a final thrust to put the Russians out of the war.

This strange war has produced a lot of alibis. Friday the Germans said they couldn't attack Russia because the roads were so littered with Red tanks and trucks they had to stop.

The day before they said the attack had been halted because when you don't attack you mystify the enemy.

Still another statement is that the stoppage is a breather for the army.

Out of London came the report that the Germans are in reality trying to make an all out attack on Russia and the war on the Eastern Front will terminate or become a giant stalemate within a few days.

German dead are said to be thick on many battle fields on the Russian front and the Soviet losses have been correspondingly higher.

Russia was arming eight million men to throw at the Germans. It is going to be the largest scale battle in history and on its outcome will depend the future of both Russia and Germany.

The Russians claimed Saturday they had shot down 250 German planes in the past 48 hours and the bag for the Germans was as high or higher, said a Berlin spokesman. Both sides have made ridiculous claims.

Another theatre was growing more active each day. British bomber squadrons were flying over Germany and blasting occupied France in what was described as the largest scale destruction raids yet seen in the war.

Although the government at Vichy said the British armistice terms in Syria had been rejected, a news cast at noon said that fighting had ceased and the war may be at an end. British and Free French forces are on the outskirts of Beirut, last remaining stronghold of the French.

German transport planes are said to be evacuating French troops from Syria. Other reports indicated they will be sending in Nazi from Crete to aid the French.

The old men and cripples in Washington were puttering around with Secretary of the Navy Knox having a hard time making them be-

lieve that no shots have as yet been fired at the Germans.

Some want to ask Britain to take her soldiers out of Iceland. Germany, they said might attack and hurt United States soldiers and marines. Then, they argued Germany might not like it either and that would mean war and the last thing on earth Washington wants is war.

## Boy Scouts Here to Aid Aluminum Drive

Boy Scouts have been called upon to lend aid in the aluminum drive for Britain and America.

The Scouts have served in every emergency and it was known in advance of the canvas dates that the Scouts would serve again.

J. W. Mills, chairman of the aluminum drive, said that dates for the canvas would be announced later. It was planned to have two drives in order to give everyone an opportunity to contribute.

The Scouts will make a house to house canvas. It was pointed out housewives may have aluminum to contribute and may not have gathered it up at the time the scouts call.

Aluminum may be found in many places, especially on abandoned automobiles, junk heaps and the like. It has been suggested that city dump grounds be searched. Frames around glass in practically all cars are made of aluminum; fan blades and many other things are made of aluminum.

## Washington News

### From Your Congressman

#### W. R. POAGE

It was a great pleasure to visit in Texas even for a short time. Mrs. Poage and I drove to Texas in order that I might introduce the Secretary of Agriculture at Waco on June 26. I then returned to Washington and was here for the important sessions the last of the month. After we had passed the legislation that always needs to be passed before the beginning of the new fiscal year (July 1st) both Houses recessed over the Fourth of July. I flew home and attended the celebration of the commencement of work on the Brazos River Transmission lines at Possum Kingdom Dam. I stayed in Texas long enough to speak at West and at Belton on the Fourth and then drove back to Washington bringing Mrs. Poage's nephews and my mother to visit with us.

The House did not get into its regular work until Wednesday (July 9th) because of the death of another member Monday. On Wednesday we took up a measure which was originally introduced in the State as a simple revision of the age limits under the Selective Service Act. The Senate had, however, placed the Connally Amendment on the bill, which would have given the President power to take over any defense plant that was closed down by reason of strike or any other cause. I think this power is absolutely essential if we are to have the uninterrupted production of defense material that we should have. As I see it, if the government is to have the right to require the man from 21 to 28 to submit to military training it has not only the right but the duty to require the man above 28 who either owns or works in a plant producing defense equipment to keep that plant running.

The House Military Affairs Committee had rewritten the Connally Amendment, but had retained the same general provisions. When the House came to consider these provisions Mr. Healy of Massachusetts, moved to strike them out. His motion prevailed in spite of all that those of us who feel that our first duty is to produce all possible defense material could do. In fact, the majority against the amendment was so large that it clearly indicated that many members of the House do not propose to do anything no matter how desperate our national need, unless it meets with the approval of John L. Lewis and Harry Bridges. I was deeply disappointed as I had cut my visit short at home in order that I might be sure to be here in time to vote for this effort to keep our defense industries running. While I still hope that it may be possible for the conference report

to include some such measure, I am afraid that the action of the House will be taken as an invitation to strike in and shut down a number of vital plants. The majority of the representatives from only one Southern state (Louisiana) voted against these amendments and only one Texas representative voted against them. As the bill finally passed it simply provided that no one who was 28 years old before July 1st should be called for military training at this time.

It seems probable that it will be some ten days or two weeks before the Ways and Means Committee is ready to report the new tax bill. When it is reported it will be under what is known as a "closed rule," and it will be impossible to offer any amendments from the Floor. The reason for this is that it would be practically impossible to pass any tax bill if it were possible to offer amendments from the Floor. There is objection to every tax, and if those who object to each special item in the bill could attack it separately the whole bill would probably be destroyed, item at a time—although everybody admits that it is absolutely necessary to raise vast sums of new money by taxation. In the meantime, all of the members of the House are trying to contact such members of the Ways and Means Committee as they can in regard to various proposed increases or new taxes. At present the only thing absolutely certain about the tax bill is that it will be very large.

With best wishes, I am,

Yours very sincerely,  
W. R. ROAGE, Congressman,  
11th Texas District.

## We're Getting Tough; Read This

Saturday morning the Military Affairs Committee of the Senate advised President Roosevelt that this country should ask England to remove British troops from Ireland.

It might provoke Germany to attack Iceland and American Soldiers

and Marines would be endangered, might even get hurt.

Shades of Andrew Jackson! What kind of a government is this and what kind of a war is this? The Marines will appreciate this.

A suggestion—Don't see how little of the road you can give, but how much and you will get back home

without having a wreck, and when you drive into a highway, stop and look to the right and left. You have more time at all times than you think you have.

Mollie Mae Lazek is visiting her aunt Mr. and Mrs. L. A. Bemys in Galveston.
